**Beschreibung**

The module installs over the X-Cart GOLD or X-Cart PRO software and creates a special type of users - partners. Partners are able to put your banner(s) on their sites. When a visitor is referred to your shop and buys something, it is tracked by the X-Affiliate module, and commissions are charged to partner as a percentage from deal or as a flat rate. In other words the X-Affiliate module allows your shop to have sales agents.
