Description

Auctions Factory is a comprehensive PHP Script for auction websites easy to configure and to use.

Our Script has an extensive HTML templating system that allows you to customize any aspect of your website. You can publish/unpublish several builtin Modules on your website just by one click.

Multiple Payment Gateways, Simple and Extended Search, Buy it Now, Bidding Suggestions, Extensive user rating system, Messaging systems and lots of other features ensure the versatility of this PHP script.

Auctions Factory is more than a PHP/MySQL script - it's a whole eCommerce framework that includes also content management and an extensive user management.

There are no confusing Feature packages for our Script - we have 1 price for ALL FEATURES and 100% Source Code! You get free Updates for the major version you acquire and FREE LIFETIME SUPPORT in our Forum and Ticketing System!

There are SEVERAL TEMPLATES included and lots of free language packs available!
